Pat, did you send me the totals for the lead area? Please resend, as I cannot find it if you sent it.

thanks

Subject: Wilcox - WC totals data

Hi Katrina – attached is the totals data from two of the three waste samples. The sample in the lead area did not get ran for totals. I think it would be useful to get metals totals on this sample.

The Wilcox sample (WPA-WC-02 Soil) had pretty high levels of SVOCs.

Let me know if you have any questions.

Pat
